INSURANCE INFORMATION: Be sure to provide copies (front and back) of patient's MEDICAL and PRESCRIPTION cards

- 2 Patient does not have health insurance
 Provide copies of all medical and prescription cards—front and back (primary and secondary, supplemental coverage)
 Patient demographic sheet provided

PATIENT CONSENT TO SHARE PROTECTED HEALTH INFORMATION (PHI) AND SIGNATURE

I authorize each of my physicians and pharmacists (including any specialty pharmacies and other health care providers), and each of my health insurers, to disclose my PHI, including but not limited to medical records, information related to my medical condition and treatment, financial information, lab values, insurance coverage information, my name, address, telephone number, and last 4 digits of Social Security number to Ultragenyx Pharmaceutical, Inc., and its agents, contractors, and assignees to use and disclose my PHI to enroll me in and contact me about UltraCare Patient Services, provide case management through telephone or electronic communications to assist with adherence to my medication regimen, and work with third parties to provide community resources and referrals. Third-party vendors, such as specialty pharmacies, may receive financial remuneration in exchange for data, product support services, reimbursement services, etc. This authorization expires one year from the date of execution, or one year after the date of my last prescription, whichever is later, unless a shorter period is required by state law. I understand I may refuse to sign this authorization and that my treatment, payment, enrollment, or eligibility for benefits, including my access to therapy, is not conditioned on my signing this authorization. I understand that revoking this authorization will not affect the ability to use and disclose PHI received prior to receipt of notification that I wish to discontinue my participation in the program. I understand I may revoke this authorization at any time verbally or by writing to the address listed at the top of this form. Once authorization has been revoked or expired, I understand my future PHI will not be disclosed. I understand that my PHI will not be used or disclosed for any other purposes, unless permitted by law, than for the purposes stated above. Information disclosed pursuant to this authorization or provided to a third-party may no longer be protected by federal privacy laws. I understand that I have a right to receive a copy of this authorization.

3 Patient Signature _____ Date _____

For ORAL or ENTERAL FEEDING TUBE use only.
 TUBE TYPE: _____ FEEDS: BOLUS _____ or CONTINUOUS _____ TOTAL DAILY CALORIC INTAKE (DCI) _____

The recommended target daily dosage of DOJOLVI is up to 35% of the patient's total prescribed DCI, converted to mL. DOJOLVI should be thoroughly mixed with food or drink and taken by mouth or administered via a gastrostomy tube divided into at least 4 doses and administered at mealtimes or with snacks.

For patients not currently taking a Medium Chain Triglyceride (MCT) product

Initiate DOJOLVI at a total daily dosage of approximately 10% DCI divided into at least 4 times per day and increase to the recommended total daily dosage of up to 35% DCI over a period of 2 to 3 weeks.

For patients switching from an MCT formulation

Discontinue use of MCT products before starting DOJOLVI. Initiate DOJOLVI at the last tolerated dosage of MCT. Increase the total daily dosage by approximately 5% DCI every 2 to 3 days until the target dosage of up to 35% DCI or maximum tolerated dose is achieved.

The total daily dose (mL) of DOJOLVI is determined using the following calculation:

- Caloric value of DOJOLVI = 8.3 kcal/mL
- Round the total daily dosage to the nearest whole number
- Divide the total daily dosage into at least 4 approximately equal individual doses

$$\text{Total Daily Dose (____ mL)} = \frac{\text{Patients DCI (____ kcal)} \times \text{Target ____ \% dose of DCI}}{8.3 \frac{\text{kcal}}{\text{mL}} \text{ of DOJOLVI}}$$
